Basic American™
Key Features:
- Energy-saving electronics consume up to 66% less power than electronics using a transformer
- Sealed ball bearings in the joints provide maintenance-free continuous, silent operation
- Intuitive 2-pedal locking system - centrally located, easily visible from a distance to ensure the bed is locked, and is accessible at all heights and widths – even the lowest position
- **US Patent awarded Hi-Lo system**
- Industry-leading electronics ensure lower cost of ownership
- Tool-less assembly

Available with:
- Embedded staff control with safety-inspired two-stage lockouts enables caregivers to lock-out individual features to the resident
- Advanced Positioning, including cardiac chair and Trendeleburg/Reverse Trendelenburg
- **Patented industry-leading Slide-W-I-D-E deck option** provides built-in adjustability to change the bed width from 35", 39", and 42"
- Underbed Light clearly illuminates where the resident gets in and out of the bed
- USB Power Supply eliminates using a separate wall outlet for cell phone and tablet charging
**Slide-W-I-D-E™**
Expandable/Retractable Sleep Deck

- Expandable/retractable deck quickly and easily adjusts to 35", 39", and 42" with two quick-release ball-detent pins on each side.
- Quick adjustment is ideal for moving through narrow doorways.
- All pins are attached to the bed with lanyards, eliminating lost parts.
- Wide head and footboards available in 39" and 42" widths.
- Rails and assist devices are also quick-release without tools on each side.

Wider sleep surfaces reduce falls by residents accustomed to sleeping on common consumer products, which range from 39" for a twin to 60" for a queen sized bed.¹

---

Head & Footboard Options

- Rectangle
- Center Crown
- Crescent
- Drop Edge
- Waterfall

- Deco
- Frame
- Mission
- Mission with Wood Cap
- Raised Panel

- Straight Wood Cap
- Center Crown with Wood Cap

- Solar Oak
- Fonthill Pear
- Wild Cherry
- Biltmore Cherry

- Windsor Mahogany
- Shaker Cherry
- Montana Walnut
- Empire Mahogany
- Cocobala

- Talas Cherry
- Aria
- Arctic Groovz
Optional Assist Devices

**Counter-rotating Assist Device and Assist Bars**
provide a sturdy and secure hand hold to assist residents in and out of bed. Assist devices are removable without tools and meet FDA Entrapment Guidelines.

Counter-rotating assist devices and pivot assist bars:
- Move out of the way for lateral transfers
- Pivot away from egress area
- Provide toe clearance even in lowest position to prevent staff injury
- Hand pendant mounts facing inward or outward and away from hand grab area

---

**Pivot Assist Device**

**Fixed Assist Devices**
Advanced Options

Advanced Positioning

Advanced positioning allows the bed to go into numerous positions:
- Positively influencing clinically driven outcomes through multiple positioning options
- Accommodating post-surgical rehab positioning to facilitate resident comfort
- Reduces caregiver strain and potential injuries to caregiver and residents caused by manually repositioning residents
Intuitive Two-Pedal Locking System
is centrally positioned and easily visible from a distance to ensure that the bed is locked. Pedal locks are readily accessible at ALL bed heights and widths, even in the lowest position. Bed rolls at any height reducing caregiver back strain.

Embedded Staff Control
- Angled for better visibility
- Two-stage lockouts

Additional Options
- Edema Foot Ratchet
- Mattress Retainers
- Adjustable Wallsaver (maximum wallsaver protection with optional side-wall bumpers)
- UnderBed Light
- USB Power Supply
- Bed Cart
- Board Mounted IV Socket
- Trapeze and Adapter
- Length Extension Kit
- Plastic Pandock Kit

Pin-on Wide Kit
Adjustable Wallsaver (maximum wallsaver protection with optional side-wall bumpers)
